Driven third-year Computer Science student at Kutaisi International University with expertise in modern full-stack development. Successfully delivered 15+ production-ready applications using React, Next.js, and Node.js ecosystem. Proficient in cloud architecture (AWS, Azure) and AI technologies including LLMs (Llama, Mistral). Active competitive programmer with strong rankings on Codeforces and LeetCode, demonstrating exceptional problem-solving abilities and algorithmic thinking.

Seeking a challenging full-stack developer role to leverage my technical expertise in a collaborative team environment.
